The South Carolina Cable Television Association ("SCCTA") hereby petitions the Public Service Commission of South Carolina ("Commission") pursuant to 26 S.C. Regs. 103-836 and other applicable rules and regulations for permission to intervene in the above captioned proceeding. In support of this petition, SCCTA would show the following:

1. SCCTA is a nonprofit corporation, organized and existing pursuant to the laws of the State of South Carolina, representing fifteen companies serving 461 communities within South Carolina.
2. SCCTA's authorized representatives in this proceeding are as follows:

SCCTA OFFICIAL

3. Bluffton Telephone Company ("Bluffton") and Hargray Telephone Company ("Hargray") have submitted a request to the Commission which has been characterized as seeking approval of an EAS arrangement. In fact, the proposal would allow Hargray and Bluffton to bundle basic local service with a toll service while treating the resulting bundled service as if it were basic local service.

4. SCCTA has an interest in the above-caption proceeding inasmuch as SCCTA's members are potential providers and providers of competitive local exchange services in South Carolina and in the areas served by Bluffton and Hargray. SCCTA's position in this matter is that Bluffton and Hargray should not receive state universal service fund support for any new product that merges a toll service offering with a basic local exchange service offering. S.C. Code Section 58-9-280 provides for support of basic local service on a per line basis. The Commission should not allow the merger of toll and local services into a new expanded EAS and/or MEAS offering which Hargray and Bluffton can then characterize as "basic local service" in order to receive the same universal service fund support in the future.

SCCTA has no objection to Hargray or Bluffton bundling services to introduce new service offerings to meet competition. However, those competitive service offerings should not be subsidized by the USF which is intended only to support basic local service. SCCTA requests permission to intervene in the above-captioned proceeding as a formal party of record. SCCTA estimates that it will take thirty to forty-five minutes for its presentation.

5. SCCTA's intervention will aid the Commission by assisting in the development of a full and fair record to address the issues raised in this proceeding. SCCTA's position in this docket is that it would violate S.C. Code Section 59-9-280 and the Commission Orders implementing the state universal service fund if the universal service fund subsidy is used to support a combination local/toll service offering by Bluffton and Hargray.

6. SCCTA is informed and believes that granting its request to be made a party of record in the above-captioned proceeding is in the public interest, is consistent with the policies of the Commission in encouraging maximum public participation in the issues before it, and should be allowed so that a full and complete record addressing the views and concerns of SCCTA can be developed.

WHEREFORE, SCCTA prays for the following relief:

A. That this petition to intervene be granted by the Commission and that the SCCTA be made a formal party of record to the proceeding.

B. That the SCCTA be allowed to participate fully in this proceeding and to take such positions as it deems advisable.

C. That such other and further relief be granted as is just and proper.

Dated this 15th day of May, 2006.
